

Mission Assurance & Mission Automation
Federal Technology Firm | McLean, Virginia
443-671-2908 | cacgllc.com

Independent oversight. Mission-critical results.

We serve the programs that cannot fail.

CACG, LLC is a McLean, Virginia-based federal technology firm delivering independent mission assurance and mission automation to agencies at the center of national security. Since 2013, CACG has governed complex IT programs that cannot fail; giving program offices objective oversight with no delivery stake in any answer but the right one. As an SBA 8(a)-certified, SAM-registered small-business prime with continuous NBIS support since 2019, CACG pairs disciplined program governance with DoD-proven Microsoft automation.

CORE COMPETENCIES

Mission Assurance

Independent program governance & technical oversight

- Independent program governance, executive briefings, and decision-forum management
- Integrated Master Schedule (IMS) development and critical-path analysis
- Independent cost, schedule, and technical risk assessment
- Acquisition, requirements, and documentation framework support
- Structural OCI management codified in CMMI Level 3-appraised processes

Mission Automation

Microsoft Power Platform delivered in DoD environments

- Power Apps, Power Automate, and Power BI solution delivery
- Built in M365 GCC High (IL4-capable) and Azure Government
- Process automation, consolidated reporting, and workflow consolidation
- Production solutions accepted and transitioned to government ownership
- Deployed within existing agency licensing —no new software procurement

WHY CACG

• The Independence Standard.

CACG holds no systems-development or integration contracts on the programs it oversees—its only interest is the right answer.

• Uninterrupted NBIS continuity.

Continuous support since 2019, sustained across every contract renewal and mission transition.

• A flawless prime record.

100% re-award rate and zero corrective actions across nine federal prime contracts.

• Mission-ready posture.

CMMI Level 3-appraised processes (2025), with a DoD cleared facility and cleared staff. 8(a) access. SBA 8(a) certified Small Disadvantaged Business — eligible for 8(a) sole-source awards and competitive set-asides, shortening time-to-contract for program offices.

PAST PERFORMANCE

CUSTOMER/PROGRAM

DCSA—NBIS ITMS

ROLE & SCOPE

Prime. Program governance, integrated scheduling, systems engineering, technical management, executive reporting, and mission automation—including four production Power Platform solutions in M365 GCC High.

PERFORMANCE

100% on-time deliverables; automation solutions accepted and transitioned to government ownership; final CPAR rated **Exceptional**.

DISA—CESO C2I/CED

Prime. Engineering and operational support for compartmented cloud and desktop capabilities, including IV&V, O&M, and automated security-certificate monitoring.

Sustained mission operations and implemented AWS-based automation to improve monitoring of expiring security certificates.

DCSA—NBIS

Mission Execution Services

Prime. Mission operations, enterprise architecture and engineering, DISS support, knowledge management, and strategic business operations.

Current successor engagement extending CACG's continuous support to the NBIS mission since 2019.
